Phat Water Filters

Phat 4 stage shower replacment

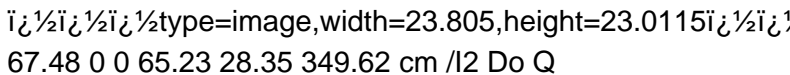

\$45.00

This is the Phat Shower Filter 4 Stage Replacement mix.

Please note:

The mixture contained herein the satchel is the exact mixture in our 4 stage shower unit.

Directions for use:

67.48 0 0 65.23 28.35 349.62 cm /12 Do Q

Undo the shower head end of the filter unit, empty contents, lightly flush out all remaining mixture, point shower filter end upwards and slowly release contents from satchel, screw shower head up to hand tightness, turn on water and flush any remnants of dust.

IMPORTANT:

Each month or so it is advisable to 'flush' your shower filter by following the instructions that came with your unit.

Flushing the shower filter gives you longer life before the need to replace the contents.

Each Satchel contains:

KDF Material
Granular Activated Carbon
Calcium Sulfide
